Bill O'Brien Scholarship for Average Students…

The HTEA is honored to offer a scholarship in honor and memory of William J. "Bill" O'Brien, former president of the Association.

Bill was dedicated to civic and community service and during his tenure as a teacher in Howell Township, he touched the lives of many students. Through this scholarship, Bill will continue to influence and assist students. Bill's philosophy of hard work, community service, and success through determination, dedication, and drive is reflected in the scholarship requirements.

Bill believed that people are more than a number…there are many components to being a successful student and a productive citizen. While a GPA is important, it is only one aspect of you as a person. Successful candidates for this scholarship must have attended Howell Township elementary/middle schools, a minimum GPA of 2.5, a documentable record of community service, and a civic minded attitude demonstrated in the accompanying essay.

Please complete the application form and essay, then submit as directed.

<u>The essay:</u>

You are more than the sum of your parts, more than a number. GPA is only one aspect of you as a person. In a brief essay, tell us what makes up the "rest" of you and why you are the best candidate for this award.
